

DOWNTOWN PAID PARKING PILOT PROGRAM

The City's Downtown Paid Parking Pilot Program began on Thursday night, July 18, 2019. The program will require paid parking at select Downtown surface lots and parking structures after 9 pm on Thursday, Friday & Saturday nights through Sunday 1AM. The City's General Fund subsidizes the maintenance of all Downtown parking facilities as well as various maintenance and security needs around the area. The program

will assess the ability of generating revenue from users visiting the Downtown nighttime scene through charging a \$5 flat rate for parking.

FREQUENTLY ASKED QUESTIONS

When do I pay?

Payment is due upon entry into the parking facility for users arriving at or after 9PM on Thursday – Saturday.

Do I need to pay at 9PM if I arrived prior to 9PM?

No. Only those arriving at or after 9PM are required to pay.

Do I need to put a receipt on my dashboard?

No. The kiosks will generate a receipt for your records upon request. The record of your payment is recorded by your license plate number.

How do the Employee Parking Permits work with paid parking?

The Employee Parking Permits are a separate program for day time users. They allow employees who park in the yellow spaces in time-limited lots and structures to be exempt from the associated 2- or 3-hour parking restriction. The time limits – and the benefits of the permit – end between 4PM and 6PM depending on the location. Employees (and others) who arrive before 9PM are not subject to payment of the \$5 fee. Enforcement staff surveys the lot to identify pre-9PM parkers. You do not need to do anything to register your vehicle.

What about short-term parking needs?

Short-term parking spaces are available for food pick-up/delivery needs as well as others who need to make a quick trip into a business. No payment is required to park in the short-term parking spaces, however, parkers are subject to the posted time limits.

How does this impact commuters using the SOCO parking structure?

Payment is only required for those entering the structure on Thursday, Friday and Saturday nights between 9PM and 1AM through Sunday 1AM.
